Presbyterians for Just Immigration

- Pathway to Citizenship
- Family Unity
- Eliminate Visa Backlogs
- Fair and Just Plan for future immigration
Dear Senator/Representative ___________________

As people of faith, we are called to stand with and love our neighbors, and we urge you to act on immigration reform.

Without reform, and in an enforcement-only ethos, human value is lost and horrifying acts committed in the name of following the law. This harms asylum-seekers, victims of trafficking, and children seeking protection. This harms neighbors who have been in our community for years.

Only through an act of Congress can we right these wrongs. We pray that you see this nation’s immigrants as neighbors; their contributions and how they love their families. Please initiate reform that prioritizes a pathway to citizenship, family unity, due process, and is not punitive.

Sincerely,

“This is God’s commandment; that we should believe in the name of God’s Son Jesus Christ and love one another,” (1 John 23).
